IMPORTANT

LIFELINE WIRELESS SERVICE INFORMATION:

Lifeline is a government assistance program. Only one Lifeline service is available per household. A violation of the one-per-household limitation constitutes a violation of the Federal Communication Commission's rules and will result in your de-enrollment from the program. Your household is not permitted to receive multiple Lifeline benefits whether they be from one or multiple companies. This includes wireline and wireless services. Lifeline is a non-transferable benefit. You may not transfer your benefit to any other person. You must activate your service. To keep your account active, you must use your Lifeline service at least once during any 30 day period by completing an outbound call or text message, using your data plan, purchasing additional minutes or data from the Company, answering an inbound call from someone other than the Company, or by responding to a direct contact from Company confirming that you want to continue receiving Lifeline service. If your service goes unused for 30 days, subject to a 15-day cure period during which you may use your service, you will no longer be eligible for Lifeline benefits and your service will be deactivated (allowing only 911 calls and calls to the Company's customer care center). Lifeline is a federal benefit. Willingly making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program. Proof of eligibility is required and only eligible customers may enroll. Proof may consist of eligible program card or statement of benefits.
